

**Minutes of the Kirkland Clinton Climate Action Team  
December 18, 2025 at 7:00 p.m.**

Present: Alma Lowery, Coordinator; Alan Cole, Webmaster; Sally Carman, Secretary; Shirley Knop; Kathy Collett; Bryan Roy, Gerry Gogel ; Liseli Haines; Samantha Francisco; Kaitlyn Colucio

The November minutes were approved.

**Climate Action Plan**

A draft will be sent out via email and will be put on the Google drive. We will look at it at the next meeting.

**Repair café**

The new date of February 28 will be sent to the experts after the first of the month to determine if they want to participate.

**Town application for certification**

The greenhouse gas inventory is waiting for data from the Town. It will be put into the existing report and sent to Samantha. The deadlines are January 9 and May 22, 2026.

**Action item:** Alma will talk to Aaron to try to expedite the report from Jon Scott or Garry Colarusso. An estimate based on the number of vehicles may be possible.

**Solar power**

We can investigate community solar for the Town and Village. A 30-minute political film by Bernie Sanders gives a good overview. This might be a good educational event. Solar panels are now available for rentals in a 3' by 3' balcony unit and include a battery unit. They are made in Germany.

**NIPIRG - New York Public Interest Group**

Steve will work on learning more about this non-profit group and the potential for more legislation on climate action in New York. There is the potential for collaborating with other groups on an event. Kathy and Shirley offered to help with this.

**Website** - Alan made changes in response to comments.

The next meeting will be January 15 at 6:30 p.m. on Zoom.

Sally Carman

Secretary
